HILLSPEAK

All roads to Eureka Springs are scenic (translated: winding and hilly with awe-inspiring vistas). Our campus is located about 4 miles south of the intersection of U.S. 62 and SH 23 in Eureka Springs. From Eureka Springs, take SH 23 south to County Road 102 (there is a green Hillspeak sign), turn right and follow the road up Grindstone Mountain for about .9 miles to the Twin Barns. Our guest quarters all have heat and air conditioning as well as fully equipped kitchens.

The Farm House offers more space than our other guest quarters -- two double beds, three twin beds, and a sleeper sofa. There are three bedrooms, sitting areas, a dining room, full kitchen and two baths. The view from the front of The Farm House is expansive and covers much of the northern half of Carroll County. On a clear day, you can see all the way to Missouri. The Farm House along with the Calf Barn and the Loft means we can accommodate guests in comfort year round, weather permitting.
